**The White Salmon River: Class III-IV  
Half-Day Trip Information**

Thank you for reserving your trip with River Drifters. We look forward to providing you with the finest river rafting trip possible. Please take some time to read the following information regarding your future trip. If you have any questions or concerns that are not explained in this email, please feel free to call our office at 1-800-972-0430.

Your trip on the White Salmon will include some of the best class III-IV rapids around. You will be winding your way through a beautiful, constricted and heavily forested gorge riding on top of crystal clear water, through big and bouncy rapids with many large waves and powerful holes. With rapids like Maytag, Corner Cave, Grasshopper, Corkscrew, Waterspout, Stairstep, Highway Hole, Rattlesnake, Deadman's Corner (and many more), you will absolutely love this trip. This tour covers 8 miles and the first 5 miles are filled with continuous rapids! Starting mid-summer, when the water levels allow, this trip will expand to include an extra 2 miles with a few class IV rapids with a portage around BZ Falls and a breath-taking (optional) 10 foot drop over Husum Falls.
